PROUD TO BE, PROUD TO BELONG

## Dear Parents,

The living eggs were delivered to the Nursery on Monday. We had great fun trying to guess what animal was inside the eggs! The children drew pictures of what they thought was inside the egg. Some children guessed a butterfly, while others thought that there might be a duck or a unicorn inside! However, many of the children did guess correctly. Well done!

Some of the chicks began to hatch on Tuesday and by Friday morning most of the chicks had hatched. The children have enjoyed observing and drawing pictures of them this week.

Next week, we will be handling the chicks. The children will learn to be very careful and show care and concern for the chicks. We will also be talking about the life cycle of a chicken.

There is a lovely interactive counting game that you can play with your child at home.

Click on the link to play the game: [TinyTap | Counting Chicks | Math](#)

Your child can also listen to a simple story called 'The Little Chicks' by clicking on the following link: [F2B School Edition \(myf2b.com\)](#) Both of these websites are free to access.

**Safeguarding: Please remember that it is very important that you are with your child when they are online.**

### Reminder:

Please ensure that you drop off and pick up your child on time. Being consistently dropped off and picked up late can be very upsetting for your child.

The Nursery staff have observed that there are many children riding on their scooters and bicycles in the garden and behind the Nursery at home times.

**Please remember that children are not allowed to ride their scooters and bicycles on school grounds.**

This rule is there to avoid any unnecessary accidents.

### Mobile Farm Visit

Please make your payment of **£9.00** via the School Ping app by **Friday 22<sup>nd</sup> May**. The mobile farm company 'Farms2ewe' will be coming for a visit on **Thursday 4<sup>th</sup> June**. If you need help making the payment via School Ping, please go to the school office. **We need parent helpers for this visit. Please speak to the Nursery staff about helping on this day.**

### Next week we will be learning:

#### Personal, Social and Emotional Development:

- To manage our feelings when we get angry.

#### Physical Development:

- To be able to hold a pen or pencil with a comfortable grip. If your child finds this difficult, please practise this skill at home.

#### Communication & Language / Understanding the World:

- We will continue to observe the changes in the chicks and talk about the life cycle of a chicken.
- The children will also be handling the chicks.

#### Literacy:

- We will be learning the letter name and sound 'w', for example, web, wind and wellington boots. Please bring in an object from home beginning with the letter name and sound 'w' to share with the class.

#### Mathematics:

- To learn to count in sequence and understand that the last number reached tells you how many there are in the total. At home, you could set out different sets of objects and encourage your child to count how many there are, pointing to each object as they count.

#### Expressive Arts & Design:

- We will be making a craft linked to the letter name and sound 'w'.

### Reminder

We break up for half term on **Friday 22<sup>nd</sup> May 2026**  
We return to school on **Tuesday 2<sup>nd</sup> June 2026**
